**AMENDED NOTICE OF PROPOSED FINDINGS AND CONCLUSIONS**

PLEASE TAKE NOTICE that on May 30, 2014, Notice of Proposed Findings and Conclusions was sent to interested parties. Among other things, the Notice quoted Bankruptcy Rule 9033(b) and informed parties that the Rule provided 14-days after being served with a copy of the document to serve and file with the clerk written objections which identify the specific proposed findings or conclusions objected to and to state the grounds for such objection.

Please be advised that the Proposed Findings and Conclusions extended that period by including the following paragraph:

Bankruptcy Rule 9033 sets forth the procedure to follow with respect to a Report and Recommendation. Under Bankruptcy Rule 9033, parties ordinarily have 14 days after service of the Report and Recommendation to “serve and file with the

clerk written objections which identify the specific proposed findings or conclusions objected to and state the grounds for such objection.” Under Rule 9033(c), the Court can extend the period for up to an additional 21 days. On May 30, 2014, Defendants’ counsel filed a letter on the docket [Bankr. Dkt. No. 3001 ; Adv. Dkt. No. 660], requesting that the Court extend the objection deadline to allow parties additional time given the significance of the Settlement and widespread interest in the case. The letter requests a total of 38 days, including three for mailing. The letter represents that the Litigation Trust and the United States have no objection. The Court grants the request, thereby providing that parties may have a total of 38 days after the date hereof to serve and file with the clerk written objections which identify the specific proposed findings or conclusions objected to and state the grounds for such objection.

Pursuant to this order, entered by the Court, the period to object to the Proposed Findings and Conclusions had been extended and parties have until **July 7, 2014** to serve and file with the clerk written objections which identify the specific proposed findings or conclusions objected to and state the grounds for such objection.

The notice, dated May 30, 2014, contains other information relating to the filing of objections that has not changed.

Dated: June 4, 2014
